## Unlock the Power of eSuite with Our Online Training Hub

The Academy helps your team get the most out of eSuite with a rich library of video content. Our instructor-led bite-size videos enable users to easily start & stop their training, while offering admins the visibility to track progress across teams.

### Key Benefits

- Over ten hours of video, diagrams and practical exercises
- Invite your entire team to learn about the areas of eSuite they use the most
- Easy to digest videos, broken down into bite-size chapters
- Gain certification and compliance with business-critical course content
- Learn everything from eSuite HQ usage to integration, security, concepts and much more!
- Feed into a rich roadmap of our continually updated training content
